7.0 Electronic Filing and Management of Orders

- 7.1** Draft Orders must be uploaded (as Document Type – Draft Order) on the Portal by a Legal Practitioner or a Legal Secretary and will be stamped automatically. Additionally, a Microsoft Word version of the Draft Order must be emailed, to the Court Office for editing and perfecting. Please note that a draft order will not be charged a filing fee but will incur a facilitation fee.
- 7.2** Where the Judge directs, a Legal Practitioner may be required to make changes to the draft order. Once this is completed, a Legal Practitioner will upload the revised Draft Order on the Portal. Additionally, a Microsoft Word version of the revised draft order must be emailed, simultaneously to the Court Office.
- 7.3** Once the Draft Order is approved by the Judge, the final Microsoft Word version of the document should be sent by the Court Clerk to the Registrar via email for printing, dating, signing, and placement of the Courts’ Seal.
- 7.4** When the Order is dated, signed and sealed it should be scanned and emailed to the Legal Practitioner.
- 7.5** The Legal Practitioner must then file the Order on the Portal (as Document Type – Order), at which point the Order will be stamped and the necessary fees will be deducted from the Legal Practitioner’s Escrow Account.
- 7.6** Please note that the Order will not be deemed to be validly filed without the necessary stamps from the E-Litigation Portal and the payment of the fees for filing.

8.0 Documents with Zero Filing Fees

Some documents such as Draft Orders carry zero filing fees.

9.0 Facilitation Fee

Every document filed through the Portal carries a Facilitation Fee of \$2.

10.0 Recommended Document Format

All filings must be in portable document format (.pdf).

11.0 Management of Portal by Legal Secretaries/Clerks

- 11.1** It is suggested that Legal Secretaries/Clerks prepare/ “Create Case” on the Portal, and then “Save” the filing on the System for final review and submission by the Legal Practitioner.
- 11.2** Legal Secretaries/Clerks are not allowed to submit filings to create a case in the Portal.
- 11.3** Legal Secretaries/Clerks can upload documents into an existing case and the system will stamp, deduct the applicable fees and generate a receipt.

12.0 Submission of Documents for filing

- 12.1** Prior to submitting a document for filing, Legal Practitioners must ensure that the correct documents are being uploaded, with all the necessary attachments for that filing. Once submitted, all the filing fees and facilitation fee will be deducted. Additionally, after submission the entry cannot be withdrawn.
- 12.2** Users are required to check every document uploaded to ensure that the stamps and fees are reflected on the first page of the filing and that the appropriate receipt is generated and reflected on the case file in the system. If a receipt is not generated or the first page of the document does not contain the Court Office stamps, this should immediately be brought to the attention of the ECSC Technical Support Team as indicated in Section 18 below.

12.3 All documents related to “Return of Service” (e.g. Affidavit of Service and Acknowledgment of Service) must be filed in the usual “File Documents” screen. The “Return of Service” tab on the Portal can only be used to record information on attempts to serve documents which were unsuccessful and / or when the documents were successfully served.

12.4 When filing written submissions and authorities, legal practitioners should file the written submissions as one document as the filing fee will be determined by the number of pages in the document, as per the ECSC (Court Proceedings Filing Fees) Rules. The authorities which accompany these written submissions must then be filed at the same time as an “Additional Volume”, to which no filing fees shall be applied. Please note that the “Additional Volume” feature should not be used unless accompanied by a filing for which there will be a charge.

13.0 Uploading Documents on the Portal over the maximum size allowed

13.1 A special document filing type (called “Additional Volume”) has been added to the list of documents available for filing on the Portal.

13.2 Persons filing documents, in excess of the maximum file size allowed, are advised to subdivide and scan their documents into individual “pdf” volumes; each of which must still be within the maximum file size allowed, with the document name and cover sheet appropriately named - e.g. “Additional Volume #6 – Exhibit” or “Additional Volume #2 – Witness Statement” as the case may be.

13.3 The main document (e.g. Certificate of Exhibit or Witness Statement or Affidavit) should be filed and uploaded first and the type of filing selected so that the appropriate filing fee is charged by the system. The “Additional Volume” documents filed will not be charged an additional filing fee, but they will carry the usual Facilitation Fee which is associated with any document being filed.
